

Youth theatre BRONKS

The end of a roving tour of Brussels' theatre palaces and backstage venues is over. BRONKS got its own theatre, which opened in 2009.

The youth theatre has a theatre hall (200 seats) and a rehearsal hall that can be divided. The auditorium can be used for both theatre and concerts, thanks to a retractable stand.

The stage floor is placed on an underlying wooden supporting structure to allow for the later installation of stage lifts to optimise vertical sightlines.

Client

Flemish Community
Commission Brussels
