

Maintenance city buildings Kapellen

Proper maintenance of the municipal buildings is of utmost importance.

Proper maintenance of the municipal buildings is of utmost importance. To realize this, Ingenium has been charged by the Kapellen Municipality with the establishment of a maintenance file for eight buildings:

- Platanen Elementary School
- Library
- Den Biz Youth Centre
- Banquet and Podium Room 't Bruggeske
- Eskapade Festivities Room
- Podium Room 't Kerkske
- Dressing Rooms for the Football Infrastructure
- Kerkstraat Car Park

A prescription for maintenance, technical management and establishment of a comprehensive guarantee has been elaborated. There is only one maintenance firm for all locations, so that the client can address to a single point of contact. When establishing the service level agreements, the purpose of the buildings was taken into account.
